FRIDAY, MAY 25, 1866.

Col. A. K. McClure has for a long time been writing valuable letters to his own paper, the Chambersburg *Repository*, under the signature of "Horace," dating them at Harrisburg. In the last of this series he says:

"Let the Union men of this State in the nomination of members of the Legislature look at New Jersey, where a few corrupt men have bartered away the fruits of great victories to traitors, and let them see that no such men are placed in nomination in Pennsylvania. If the Legislature should be close in either branch next winter, the whole power and plunder of the federal administration will be exhausted to debauch enough men to defeat the election of a true Senator in place of Mr. Cowan. When men are presented for Legislative nominations, let each Union man ask himself the question—"If nominated could he be debauched to betray our principles by a corrupt administration?" and let no man who does not stand above suspicion be made a candidate."

But Mr. Cowan did not get into the Senate by debauching the Legislature. And, hence, an important lesson. After a sound General Assembly shall be chosen, let no man be brought forward as a candidate for the United States Senate whose antecedents indicate that he could be corrupted, or who shall have failed in the progress of the canvass to show beyond all possibility of doubt where he stands and how he will act.

"Are you content?"

Fredric Collins, Matthew P. Read and Frederick Laner, Commissioners in behalf of the Brewers' Association, have made a report of their observations in Great Britain, France and German States. It contains many particulars of the manufacture and use of beer in Europe, statements of the comparative rate of taxation in Europe and the United States on Malt Liquors and of the importance of the brewing interest to agriculturists, and a treatise on the beneficial effects of the use of malt liquors on public morals.

A London correspondent says: If you like a joke, here is one. Some scandal has been going the round of the upper circles that a certain lady's maid in a certain high family, where there are two beautiful daughters, has received her dismissal after six months' service, because—because—how will I write it?—because she was a man! One has often heard of women disguised as men, but never before of men disguised as maid-servants. The affair will not be brought into court, I hear—*silenzio*.

The Harrisburg *Telegraph* states that Cowan, Doolittle and Clymer had a consultation, a day or two ago; that the two professedly Republican Senators urged Clymer to withdraw, assuring him he could not be elected; suggested that Judge George R. As a sensation story this does pretty well; but, pray, give the public some evidence that it is true.

Gen. Dick Coulter has rejected the role he was expected to play to serve Johnson and Cowan and defeat Geary. Who will next be tried by the little coterie of political traitors?

CITY ITEMS.

Boots and Shoes

Cheap for the Million, still triumphant at No. 60 Fifth street. Buy where you can get the greatest value for your money. Cash business, conducted strictly upon Cash principle: in other words, Boots and Shoes for Cash, at strictly Cash prices, and not Boots and Shoes for Cash at time prices.

None but men brought up to the Cash Jobbing Trade know how to cut fine!

Great Reduction in Prices of our entire Stock, consisting in part of a fine assortment of Ladies' Lasting Congress Gaiters, Ladies' Fine Balmorals, Glove Kid Morocco and Pebble Goat. Misses' Shoes of all grades. Boys' Shoes extra good. Men's Shoes and Boots of a superior style and finish to any in the city. Custom made hand-sewed Calf Boots at unexceptionable prices. They are superb. Gardiner takes great pleasure in announcing to his friends and patrons, and all close buyers of Boots and Shoes, that he refrained from buying many goods during the reign of extreme high prices, which enables him to buy now and offer any of the above-named articles at less prices than they can be purchased at any of the houses where stocked up early before prices began to tumble. Gardiner buys all his goods strictly for cash, gives no notes, consequently if there is a bargain to be had in the market he gets it; and with his well-earned reputation for buying and selling cheap, and, as is said, his not knowing how to charge a profit, it is quite unnecessary for him to add more here than to invite his friends to call before purchasing and examine his stock, and note the great difference between his prices and the prices asked elsewhere for the same kind of goods. The stock at his store is too large and varied to be named in full in this notice, but let it be clearly understood he will offer goods under any body's prices throughout the entire season. He does not aim to make all the money this season; he intends to do business entirely for the interest of his customers and friends, to show them his high appreciation of their past patronage and favors. Call one, call all, and be benefited by this spirit of liberality.

N. B. Keep a light stock on hand, buy little and often, as your trade requires. The times demand unusual vigilance and caution. Don't allow anything to prevent you from calling. Call, if for nothing more, to get well posted up on bottom prices. Small profits, good value, and quick sales, are still the mottoes of Gardiner's Concert Hall Shoe Store, No. 60 Fifth street. One price to all, whether they are a judge of goods or not.

Hostetter's Stomach Bitters.

Read the following letter from E. Bourne, a well known citizen of Pittsburgh, Pa.:

Pittsburgh, May 10th, 1866.

Messrs. Hostetter & Smith—Gentlemen: During a visit in the west last fall, I contracted chills and fever which brought me to my bed and finally terminated in typhoid fever, and confined me to my room for several months, during which time I was physically so prostrated that I almost despaired of ever recovering my health; having entirely lost my appetite for days, not being able to eat a morsel, added to which I was much distressed with a reeling sensation in my head, and passed many sleepless nights—all from debility caused by my prostrate condition, brought about by the fever. At this stage of my condition a friend recommended me to use your celebrated Stomach Bitters, but being morally opposed to the use of stimulants in any form, I at first declined, but afterwards yielded my prejudices and, after taking the medicine for several weeks, as directed, my appetite returned and with it I am rapidly regaining my former strength and vigor. My sleep, (from the loss of which I had suffered much,) has never been better than it is now, and the reeling sensation (before alluded to) has entirely left me. My bowels, which were much constipated and irregular, are now quite natural, and in fact I am glad to say that I feel myself a new man, and tender you this testimonial of my appreciation of your valuable preparation in order that others suffering as I have may avail themselves of its virtues, which prejudice prevented me from enjoying for so long a period. I may also add that my physician, after seeing the beneficial effect your Bitters had on me, recommended that I use them regularly.

Yours, very respectfully,
E. Bourne,

A Deserving Soldier.

The friends of Robert W. Ramsey, a private in the Eighth Regiment Pennsylvania Reserve Corps, who was wounded at the battle of Antietam, and disabled for life, will bring his name before the Union County Convention as a candidate for the office of Register. Mr. Ramsey is well qualified to discharge the duties of the position, and as his wound incapacitates him from attending to active business pursuits, it is hoped that his nomination will be secured. No more worthy man has been mentioned in connection with the office, and as he has been indorsed by the soldiers' League he should receive the support of every true Union loving citizen.

The Serenade—The Postmaster General's Speech.

New York, May 24.—Postmaster General Dennison in the concluding portion of his speech at the serenade in Washington, last night, said: The theory of the Executive programme for the restoration of the Southern States, looked to an early admission of loyal Senators and Representatives, while the Congressional programme looks to delay, conditioned upon the adoption of certain constitutional amendments. He thought unless this difference was adjusted, it would lead to unfortunate results to the whole country. Still he did not think these difficulties were irreconcilable. Indeed Congress and the President were nearer together now, than they were at the meeting of Congress.

Secretary Harlan did not speak. He sent a letter in which he referred to his position in the past, as shown in his public speeches and course, and said that he could not change that position without betraying the confidence reposed in him. His opinions being therefore so fully known, he did not deem it worth while to reiterate them.

Attorney General Speed sent a letter, saying he had not time to prepare a fitting address.

CONGRESSIONAL PROCEEDINGS.

The Reconstruction Resolution.

SENATE.

Washington, May 24 1866.

Mr. Wilson offered a resolution for a special committee to investigate the condition of the National Banks, as to how much Government money has been deposited in them within the last year, by whose authority, and whither and to whom interest has been paid, on such deposits. It was adopted.

Mr. Trumbull asked leave to withdraw from the files of the Senate the petition of citizens of Stanton, Virginia, praying for military protection to loyal persons. He had received a letter, he said, from Mr. Stanton, informing him that the names of the signers of this petition had been procured for the purpose of persecution by the rebels. Many who signed the petition had since been terrified into publishing retractions, and others were being persecuted and accused of having forged the names of signers to the petition. It was desired now to let the petition be withdrawn, to exempt certain persons from accusations of forgery. The petition was withdrawn.

Mr. Wilson called up the joint resolution in relation to the qualifications of applicants for admission to the West Point Academy. It denies admission to all who have taken part in the rebellion, and provides that candidates shall be between 17 and 22 years of age. Those who have served in the army shall be admissable up to the age of 24.

Mr. Anthony offered an amendment that in appointments from Congressional Districts the person authorized to make the nomination shall nominate not less than five candidates, from whom selections shall be made by competent examination. This shall not apply to appointments at large by the President.

Mr. Nesmith offered an amendment that hereafter the Superintendent of West Point may be selected from any corps of the army, instead of, as at present, from the Engineer corps exclusively.

Pending the discussion on the above, the morning hour expired, and the reconstruction resolutions were taken up.

Mr. Stewart, of Nevada, took the floor and spoke at length in favor of universal suffrage and universal amnesty.

At the conclusion of his speech, Mr Johnson rose and said: Mr. President, is it in order now to move to strike out the third section?

The Chair—It is.

Mr. Johnson—Then I make that motion.

Mr. Wilson—You don't want it acted on now?

Mr. Johnson—No, let it go over.

On motion of Mr. Howard, the further consideration of the pending subject was postponed until one o'clock to-morrow.

Mr. Wilson called up a joint resolution directing the payment of one hundred dollars bounty to each of the privates and non-commissioned officers of the first, second, and third Indiana regiments, which was passed.

Mr. Sherman submitted the following, which he said expressed his own views on the subject of reconstruction, though he did not know as he should offer it, as he intended to vote for what appeared to be the strongest proposition: Strike out the second and third sections of the proposed amendments, and insert in lieu thereof: Representatives shall be appointed among the several States which may be included within this Union, according to the number in each State, of male citizens of the United States over twenty-one years of age, qualified by the laws of said States to choose members of the most numerous branch of the legislature, and including such citizens as are disqualified for participating in the rebellion. Direct tax shall be apportioned among the several States, according to the value of real estate and personal property in each State not belonging to the State or the United States. The above was ordered to be printed.

Mr. Wilson called up a resolution to appoint an editor for the official history of the war, at a salary of $2,500 per annum, who shall have access to all papers on the subject in possession of the Department.

Mr. Sumner hoped the resolution would be recommitted with instructions, and spoke of the necessity of accuracy in such a matter, and the difficulty of obtaining a competent person to edit such a work.

The resolution was, after debate, recommitted to the Military Committee.

At 2:45 P. M. the Senate went into Executive session and soon after adjourned.

HOUSE.

Mr. Elliott reported back the Senate's amendment to the joint House resolution to prevent the introduction of cholera into the United States, which was concurred in, so that the joint resolution is passed by both Houses.

A bill erecting the Territory of Montana into a surveying district, was reported by Mr. Strouse, and passed.

The Freedmen's Bureau bill, reported by Mr. Elliott on Tuesday, was taken up.

Mr. Stevens moved to amend by prohibiting the restoration of lands of the Sea Islands to their original owners. He said these lands were forfeited to the United States as belonging to belligerents and allotted to some six thousand families. It would be cruel and unjust to turn the occupants out. The amendment was adopted by a vote of 7[illegible] to 46.

Mr. Shellabarger moved a proviso that the right of former owners to recover these lands in the proper courts shall not be effected.

Mr. Davis moved to strike out all of the second section.

Mr. Brandigee moved to postpone further consideration of the bill till the second Monday in December next, when members will be better informed on the subject. Lost by 34 to 81.

The morning hour having expired, the bill went over until Tuesday next.

Mr. Schenck gave notice that the bounty bill had been altered so much that it was necessary to reprint it, and he would ask its consideration to-morrow. One material change was, that local bounties paid to soldiers were to be deducted from the sum which might appear to be due. This will cut out from the benefits of the bill almost all who had enlisted after the payment of liberal bounties had commenced.

On motion of Mr. Stevens, of Pennsylvania, and by a vote of 54 to 41, the evening session was dispensed with for to-day.

The House then into a Committee of the Whole, Mr. Davis in the chair, and resumed the consideration of the Tax bill, commencing at the paragraph amending section 165 of the existing law. In the subsequent paragraph all pertaining to ground coffee and spices was stricken out, relieving these commodities from penalty for not having revenue stamps attached.

On motion of Mr. Myers, the paragraph was further amended by striking out the words "photographs, ambrotypes, daguerreotypes or other sun pictures of any description," thus relieving them also from penalty for not having revenue stamps attached. They were subsequently inserted in a preceding paragraph of the bill and subjected to a 5 per cent tax.

Mr. Hotchkiss moved to amend the paragraph amending schedule B by relieving receipts from the necessity of having stamps attached.

Mr. Morrill opposed the amendment, stating that last year the Government received $200,000 a month from stamps attached to receipts.

Mr. Price moved to amend by abolishing all receipt stamps under ten cents.

Mr. Morrill opposed the amendment, stating that the small stamps were ten times more productive than the large ones. He hoped that the stamp system would not be given up for many years.

The amendment was rejected.

The paragraph amending schedule C, was amended by making the stamp duty on bottles, etc., read thus: "Upon every can, bottle, or other single package containing meats, fish, shell fish, vegetables, sauce, raisins, prepared mustard, jams or jellies, contained therein or packed, sealed, made, prepared and sold or offered for sale, or removed for consumption in the United States, after the 1st of October, 1866, when the can and contents do not exceed two pounds in weight, one cent, and for every additional pound, or fraction of a pound, one cent," and striking out all the rest of the paragraph.

On motion of Mr. Hooper, a new paragraph was inserted amending schedule C, by laying a stamp duty of one cent on cigar lights, where the package consists of twenty-five lights or less, and one cent additional for every additional twenty-five lights.

On motion of Mr. Myers, a new paragraph was inserted amending schedule C, by striking out the paragraph relating to photographs.

The paragraph amending section 179 of the present act was modified by extensive alterations of the text, adding a proviso that whenever in action for penalties the informer is a witness, the defendant shall also be admitted as a witness, and that any person who shall receive any consideration under a threat of informing, shall be liable to a fine of $300 and one year's imprisonment.

The tenth section, which repeals several sections of the existing act, was amended by adding section ten to the sections repealed.

The Committee then came to section eleven, which enumerates the articles to be put on the free list. The following were added to such articles: Boxes of wood or paper for friction matches, cigar lights and wax tapers, springs, faces, and hands for clocks, sodium and german silver in bars, or sheets, tree nail wedges and deck plugs, bags made of paper, cordage and rigging for vessels, rock, ground and calcined gypsum, silex used in the manufacture of glass, window glass of all kinds, cement, drain and sewer pipes, reapers, mowers, threshing machines and separators; mills and machinery for the manufacture of sugar, syrup and molasses from sorghum, imphee, beets and corn; cotton gins, hand rakes and grain cradles; spokes, hubs, felloes, poles, shafts and arms for carriages and wagons; wooden handles for ploughs, and for other agricultural, household and mechanical tools and implements, and pails and tubs, bars and handles.

The paragraph on mineral coal, of all kinds, was amended by inserting "and peat."

The paragraph in regard to paintings and statues was amended by making it read "original paintings, statues and groups of statuary and busts made therefrom by the artist from original designs."

The paragraph relating to paper of all descriptions was amended by inserting "except such as is manufactured and used exclusively for wearing apparel."

The paragraph relating to umbrellas was amended so as to read, "umbrellas and parasols, and sticks and frames for the same."

The paragraph relating to sails was made to read, "sails, tents, awnings and bags, made by sewing from fabrics or articles."

The Speaker stated for the information of the House, that there were no members wishing to speak on Saturday.

Mr. Morrill gave notice that he would insist upon the tax bill being acted on until disposed of.

At a quarter before five o'clock the House adjourned.

North Carolina Convention.

Raleigh, N. C., May 24.—The State Convention reassembled to-day when some eighty delegates answered to their names.

Mr. Clark, of Craven county, offered a resolution that the Convention adjourn *sine die* as follows:

Whereas, This Convention was called and did assemble at the instance and under the authority of the President of the United States, as Commander-in-chief of the army and navy thereof, to the end that the State of North Carolina, by altering and amending its organic law in conformity to the necessitating results of the war, might in fact exercise and enjoy the constitutional rights and privileges of membership in the federal Union; and whereas the Convention did, at its former session, fully and satisfactorily accomplish the purpose for which it was called, and did assemble at the instance of and under the authority aforesaid; and whereas the Convention was moved to assemble in the present session by the possibility that in the course of events further action in the premises might be required or demanded by the President of the United States, by reason of his official military position aforesaid; and whereas no further action as aforesaid is now required or demanded; and whereas, as all ordinances and enactments further effecting the organic law of the State in attempting to regulate the internal government and police thereof, passed by a convention called and assembled as aforesaid, and which does not derive authority therefor from the people through the mode prescribed in the Constitutions, would be subversive of the Constitution, and revolutionary in effect, dangerous to liberty and incompatible with free institutions; therefore,

Resolved, That the Convention do now adjourn.

The resolution lies over one day under the rule. It is thought it will not pass.

Redemption of National Currency—John Morissey in Washington Representing Lottery Dealers' Interests—Prize Lists—Stamps &c. for Revenue Officers to be Sent by Express.

Washington, May 24.—In default of any action by Congress providing for the prompt redemption of the national currency by the national banks, the Secretary of the Treasury contemplates at an early day establishing at the Treasury Department a system of sorting and forwarding to the national banks their national bank issues.

John Morissey, of New York, is here, representing the New York lottery interests. His mission is for the purpose of refuting the statements of Marcus Cicero Stanley, who is engaged by the Government for prosecuting lotteries.

The prize lists for the "Bat," captured by the United States steamers Vicksburg, Montgomery, Eolus, Maratanza, Victoria, Emma and Aries, is now undergoing revision through the accounting officer of the Treasury, and will be ready for distribution in a few weeks. The amount involved in the capture is about $100,000.

The various internal revenue officers throughout the country are, on and after the first of June, to be supplied with stamps, &c., by express instead of by mail, a contract for this purpose having been made by the Treasury Department.

Dishonorable Propositions to Officers of the Freedmen's Bureau—Investigation of the Memphis Riot.

Louisville, May 24.—*Memphis*—A card yesterday appeared in the *Bulletin*, signed by D. H. Roberts, charging General Runkle, Superintendent of the Freedmen's Bureau here, in connection with C. C. Smith, of the Intelligence office, with refusing to contract for the employ of freedmen without a bonus of fifteen dollars apiece.

The same statement was telegraphed to the papers in advance in several of the Northern cities, and on examination of the matter, it appears that dishonorable propositions were made to the officers of the Bureau, and failing to accomplish their purpose, Roberts himself, the correspondent of a prominent Northern paper, published the card, and another correspondent telegraphed it in order to bring the Bureau officers into disrepute.

A statement appears in all the papers this morning, signed by Roberts, denying and retracting everything in his card of the day before.

The Congressional Committee to-day examined a number of witnesses. Their investigation is likely to cover more ground than was expected, and to develop the riot as having been more extensive in its results than any statement yet published.

Book-keeper Forcing Balances—Deaths from Starvation, Suicide and Drunkenness—Auctioneer Stabbed—Head Center Stephens—The Cholera Hospital Ship.

New York, May 24.—The book-keeper of the Irving Bank of this city, discovered forcing balances of forty-five thousand dollars for weeks, was arrested and imprisoned. Nearly half the amount was obtained and the remainder secured by the bank.

During two months past twenty-two deaths from starvation occurred in New York, ten suicides and twenty-seven from drunkenness.

John H. Draper, auctioneer, was severely stabbed by A. Jennings because the former had [illegible] him. Jennings was committed for trial.

Head Centre Stephens addressed a large audience at the Academy in Brooklyn, this evening, on Fenianism.

At the cholera hospital ship two persons were received and one died to-day. There are forty-four remaining.

Mrs. Jeff Davis Seeking an Interview with the President—Foreign Dispatches Unfavorable Concerning Peace in Europe.

New York, May 24.—Washington specials to the evening papers say Mrs. Jeff. Davis arrived there this morning, asking an interview with the President respecting her husband.

The dispatches received at the State Department are unfavorable for the preservation of the peace of Europe. A war is regarded as imminent, and the mercantile and financial classes are strengthening themselves for the strain upon their resources.

The report of foreign gold causes no uneasiness here. The condition of our foreign trade is regarded as sound, and the Treasury Department will continue to sell gold freely to sustain a temporary drain of specie that may soon turn in our favor.

Vessels Captured by Rebel Privateers.

New York, May 24.—From a report prepared by the Chamber of Commerce, it appears that the total number of vessels captured by rebel privateers was two hundred and eighty-three, their tonnage being 132,307. The estimated value of vessels and cargoes was $25,[illegible]. Some of these were bonded and released, leaving $[illegible] as the value of the property actually destroyed.

Yesterday Judge Russell had before him Henry E. Moring, on an indictment charging him with making a sale of 10,000 bags of Java Coffee without paying State tax thereon, in accordance with the provisions of chapter 347 of the session laws, passed by the last Legislature of this State. The defendant filed a demurrer, and after argument the Judge decided in favor of the defendant. The District Attorney gave notice that he would carry the case to the Court of Appeals.

Improvement of Navigation to the Gulf Shipping.

New Orleans, May 24.—Topographical Engineers have arrived to survey the passes at the river's mouth and improve navigation to the Gulf shipping, and also to search for the bayou or canal outlet, lessen the volume of the Mississippi water, and to prevent an overflow.

General Canby has gone to Washington. General Baird is Deputy Commander.

Homicide Trial in Boston.

Boston, May 24.—The trial of John Moran for the murder of Mary Ellen Kearney, on the 18th of March last, commenced before the Supreme Court in Dedham to-day. The prisoner and Miss Kearney lived in Roxbury, were said to be under an engagement of marriage, and without any known cause of quarrel the young woman was shot dead while standing in the doorway of her father's house. The testimony strongly implicates Moran.

Nitro-Glycerine Man Discharged.

New York, May 24.—The United States Commissioner has ordered the discharge of Otto Burstenvinder, deciding he could not be held for trial, not having been personally engaged in shipping nitro-glycerine to San Francisco, being absent from the city at the time, and cannot be held guilty of crime constructively.

Protested Notes of Southern Railroad Purchasers.

New York, May 24.—A communication in the *Times* contradicts the statement of the *Tribune* that the protested notes of Southern railroad purchasers amounted to many millions. Only about twenty millions worth of railroad stock was sold, one third of which was on monthly credits, which have been duly honored.

San Francisco Market.

San Francisco, May 23.—Wool sales last week amounted to 225,000 pounds. The prices range from 17 to 22.

Mining shares are improving; Ophir 370; Belcher 21[illegible]; Yellow Jacket 627; Chollar Potosi 312. Legal Tenders 76.

Congress and Reconstruction.

New York, May 24.—The Senate will either reject the Reconstruction amendment or overload it with clauses that will create an issue with the House and postpone action during the present Congress.

Elections in Virginia.

Richmond, Va, May 24.—John W. Wright was re-elected Sheriff to-day in Henrico county. For the House of Delegates, English was elected over Magruder, who was an officer in the Confederate army.

New Orleans Market.

New Orleans, May 24.—Cotton stiffer; sales 2,700 bales of Low Middling at 36@37c. Bank Sterling, 55. New York Exchange ¾ premium.

U. P. Home Mission Board.

The Board of Home Missions of the General Assembly of the United Presbyterian Church met in the Second U. P. Church, (Dr. J. B. Clark's,) Allegheny, yesterday afternoon at two o'clock. Rev. W. W. Barr, of Philadelphia, was called to the chair, and Rev. R. D. Harper, D. D., of Xenia, Ohio, acted as Secretary.

The Board is composed of a member from each Presbytery throughout the Church. A large number of Presbyteries were represented, delegates being present from most of the States in the Union.

The following are the names of the delegates in attendance and the districts which they represent:

Sidney, Ohio, Rev. H. H. Thompson; Ohio (1st,) Rev. W. C. McCune; Xenia, Ohio, Rev. E. B. Ewing; Steubenville, Ohio, Rev. Joseph Boyd; Muskingum, Ohio, Rev. Wm. Johnson; Cleveland, Ohio, Rev. G. K. Ormond; Indiana, Rev. J. R. Walkin; Wabash, Indiana, Rev. J. R. Bell; Keokuk, Iowa, Rev. Dr. Brown; Le Claire, Iowa, Rev. J. L. Fulton; Mansfield, Ohio, Rev. R. H. Pollock; Boston, Massachusetts, Rev. Dr. Blaikie; Caledonia, New York, Rev. John Van Eaton; Chillicothe, Ohio, Rev. J. M. Waddle; New York, (1st,) Rev. A. C. Tris; New York, (2d,) Rev. D. J. Patterson; Albany, Rev. H. P. McAdam; Argyle, New York, Rev. J. C. Forsythe; Monongahela, Pennsylvania, Rev. J. C. Boyd; Mercer, Pennsylvania, Rev. Cyrus Cummins; Westmoreland, Pennsylvania, Rev. Oliver Katz; Frankfort, Pennsylvania, Rev. J. G. Carson; Princeton, Indiana, Rev. A. R. Rankin; Chartiers, Pennsylvania, Rev. D. Carson; Wheeling, West Virginia, Rev. Wm. Wishart; Chicago, Illinois, Rev. Wm. Moffet; Wisconsin, Rev. Wm. Smith; Michigan, Rev. John Anderson; Butler, Pennsylvania, Rev. S. Clark; Philadelphia, Rev. W. W. Barr; Des Moines, Iowa, Rev. D. F. Bonner; St. Louis, Missouri, Rev. J. D. Davis; Monmouth, Illinois, Rev. D. G. Bradford; Rock Island, Illinois, Rev. J. A. Edie; Allegheny, Pennsylvania, Rev. W. A. McKenzie; Kansas, Rev. B. L. Baldridge; Nebraska, Rev. T. P. Proudfit; St. Lawrence, New York, Rev. John Harper; Conemaugh, Pennsylvania, Rev. D. W. Collins.

Dr. Harper gave an abstract of the operations of the Board for the past year, from which it appeared that a large amount of Missionary labor had been performed. Reports from Presbyteries, so far as received, showed that there were ninety-six missionaries, and one hundred and thirty-two stations, and that $27,431 had been paid into the Treasury during the year. From the same source it appears that the field to be cultivated will require the labors of ninety-seven and three-fourth missionaries, and $35,780 for the present year. These reports from Presbyteries, we understand, are only partial. When all the Presbyteries shall have been heard from the figures will be much larger.

The Board then proceeded to consider the claims of the different Presbyteries for appropriations and to make a distribution of the funds.

San Francisco.—Dr. Cooper reported that he had been laboring during the past year in the city of San Francisco. A congregation has been organized there under favorable circumstances. This congregation has raised for the coming year the sum of $2,400. It is expected that a permanent Missionary will be selected at this meeting for this new organization on the Pacific coast.

Several congregations have been organized in Marshall, Lincoln and Blount counties, Tenn. These congregations have been organized in what has been rebel territory. Rev. J. McNeal, the Missionary in Marshall county, reports the mass of the people as loyal on the subject of slavery as most of the congregations in the North. It is probable that the Missions will be reinforced at the present meeting of the Board.

The report of the Executive Committee of the Board represents the Missions in Columbus, Cleveland, Detroit, Dayton, Chicago, Lafayette, Bloomington, Philadelphia, and New York, as in a prosperous condition.

The report of the Freedmen shows that the Treasury of this Board is in a healthful condition. $27,[illegible] have been contributed during the year. Of this amount $3,000 have paid for Home Mission labor, leaving a balance in the Treasury sufficient to meet its present indebtedness.

On motion of Rev. D. G. Bradford, of Monmouth, Illinois, it was agreed that the Board should meet in the morning at 9 o'clock, and adjourn at 12, and meet in the afternoon at 2 o'clock, and adjourn at 5.

After prayer by the Rev. Dr. Blaikie, of Boston, the Board adjourned to meet in the same place this morning at 9 o'clock.

The House of Bates & Bell

To the country dealer, city merchants, or shopping lady, it is a matter of much importance to know where, in a city so large as ours, to purchase their dry goods. We have many elegant establishments devoted to the business here, and, as in all other places, the trade in foreign and domestic fabrics for personal use or adornment, constitute one of the most conspicuous features in the commercial character of the city. In truth we might say that the dry goods trade is the principal and most important of mercantile pursuits. It is a business thermometer, always truthfully telling of the financial condition of the country—of its prosperity or its reverses. Here we have many representative business men in the trade. Men who entered the business years ago upon an humble scale, and steadily keeping pace with the growth of the city, to-day find themselves the possessors of palatial business houses, which are not only a matter of pride to the city, but likewise an evidence of the property of our merchants. Among the class of merchants engaged in that particular trade we might specially mention the house of Bates & Bell. Established many years ago by the senior member of the present firm, it has securely built up a trade exclusively their own, and one which is daily increasing. To accomplish this they have had to fairly compete with rival houses, and to offer bargains and inducements to a floating trade, which, once obtained, was held by fair dealing and honest profits. The quality of goods sold by them proves in use all that is represented in selling. They select their stock carefully, acknowledging that the secret in their trade is in the judicious selection of the piece goods which they warrant to the public. Their shelves teem with fresh, newly purchased stock, for they steer clear of the rock of stock accumulation, upon which so many of our once prosperous merchants have wrecked their business. They have now such a variety of foreign and domestic dry goods as will equal that found in any house west of the metropolis. There will be found a complete assortment of every style and pattern of goods in the market, and every yard sold is warranted to be even more than it is represented. They make a specialty of cloaks, sacques, walking coats, &c., which are manufactured in their own sewing rooms, under the immediate supervision of a fashionable artiste. Attentive, willing and obliging salesmen will be found in the respective departments, and whether desiring to purchase, or to inspect the goods offered, the shopper or dealer will be studiously waited upon. To country trade and city retail purchasers, we earnestly commend this house. It is No. 21 Fifth street.

Capias Cases.

Prothonotary Jacob H. Walter yesterday issued a capias for Thomas Dougherty and John Donahue, requiring them to appear in the Court of Common Pleas on the first Monday of June, to answer Darby McDonough and Margaret McDonough, his wife, of a plea of trespass *vi et armis*, for assault and battery; also, a capias for the same parties, to answer Darby McDonough, before the same tribunal, and at the same time, of a plea of trespass *vi et armis quare clausum fregerunt*, and for assault and battery. Donahue, in default of bail in the sum of $1,[illegible], was committed to jail. Dougherty is at a hospital, suffering from a pistol shot wound, inflicted by McDonough about a week since, and was not arrested. The immediate cause of the capiases for the parties named, was the issuing of one for McDonough to answer Dougherty of a plea of trespass *vi et armis* for assault and battery, viz: the shooting matter, of which we gave the particulars soon after its occurrence. McDonough entered bail in the sum of $1,000.

Slanderous and Defamatory Words.

Prothonotary Walters yesterday placed in the hands of the Sheriff a capias for Peter Baker, of the Tenth ward, requiring him to appear in the District Court on the first Monday of next month, to answer Jacob Snyder and Elizabeth Snyder, his wife, for slanderous and defamatory words. Bail in the sum of $500 was given.

A similar process was issued for William Flenning and Mary Flenning, his wife, to answer Jacob Stolz and Gilbertine, his wife, in the District Court, for defamatory words. In this latter case arrests have not yet been made.

The Lawrenceville Fire.—Our report of the fire in Lawrenceville on Wednesday afternoon seems to have been somewhat exaggerated. Instead of the oil refinery of Messrs. Wightman & Anderson being destroyed, it was the warehouse of the firm, adjoining, with a tank containing three hundred (not three thousand) barrels of oil. The refinery was somewhat damaged, but was in operation yesterday. Our statement of the amount of loss was correct.

Assault With an Axe.—Henry Davis was yesterday lodged in jail on a warrant issued by Justice Stephens, of Union township, on a charge of having struck a boy named William Evans in the neck with an axe. The prosecutor in the case is Jas. Neald, who alleges that while himself and Evans were talking at a tavern Davis came out, and being drunk, began to abuse them. They paid no attention to him, when he picked up an axe and struck Evans as stated.

Kicked Out.—James Ward yesterday appeared before Alderman Humbert and made oath against Otto and Jerome Helmbold for assault and battery. Ward deposes that he went into Helmbold's store on Smithfield street, yesterday, and bought a saw, but subsequently, becoming dissatisfied with his purchase went back to Helmbold's to have it exchanged for a better one, when the parties above mentioned kicked him into the street.

Had Counterfeit Money.—In the possession of John McCreery, while loitering about the market place in a drunken state, officer Thomas, market constable, discovered a large amount of counterfeit postal currency. This led to McCreery's arrest and committal by Commissioner Sproul for a further hearing on Thursday of next week. He resides and is well known in Allegheny City.

The Tombs.—The tombs contained but few occupants this morning at two o'clock.

Specimens of Pittsburgh Art.

Passing along St. Clair street, yesterday, our attention was arrested by the magnificent display of specimens of photographic art in the windows of Mr. Mr. B. L. H. Dabbs, the well known and prosperous artist. In the collection, which embraced all styles of pictures, from the large life-sized Imperial to the tiny little miniature, we noticed the shadows of familiar faces that were true to life, and as near perfection as anything in the sun painting line which we have witnessed. Brady's pictures have a national reputation for their truth and perfection, but we venture to assert that his best efforts will only compare favorably with the indiscriminate display of photographs now on exhibition in Mr. Dabbs' window. It is generally believed that the smoky atmosphere of Pittsburgh prevents the taking of a perfectly clear and uncloudy picture. Such is not the case. If all artists used the same care and precision in sitting their subjects so as to blend in lights and shadows, as does Mr. Dabbs, and his professional attendants, believe our city would not turn out so many cloudy and almost indistinct pictures. Again, much depends upon the chemicals used and the delicacy with which the shadow is stolen from the negatives. As admirers of art we are proud of the display made by Mr. Dabbs. Every picture turned out from his palatial rooms is a standing matter of pride to Pittsburghers, for while we know that we are far ahead of the cities of the Union in our industrial pursuits, so also take we pride in the knowledge of the superiority of our works of art. Mr. Dabbs' rooms are at No. 46 St. Clair street, and the admirers of the beautiful would do well to call there.

Rescuing a Prisoner—Assaulting Police Officers.

In yesterday's *Gazette* we noticed the fact that on Wednesday evening officers Peter Dressler and David McMullin, of the Mayor's police, arrested, in the vicinity of Sixth and Liberty streets, one John Ouston, whilst acting disorderly, and also that he was rescued by some of his companions. The officers, knowing some of the parties, took steps to secure their apprehension, and on yesterday succeeded in arresting two young men, James Doland and David Auday, alleged to have been concerned in the affair. After a hearing, Dolan was committed to answer the charge of rescuing a prisoner, on oath of officer Dressler, and also a charge of assault and battery, on oath of officer McMullin. Auday, charged with assisting in the rescue, was also committed. Others concerned in the lawless proceeding have not been arrested.

Citizens who saw the disturbance give the officers great credit for their vigorous efforts to overcome their assailants. They stood their ground manfully, and McMullin, regardless of severe and repeated blows, kept hold of one man (Auday) and conducted him to the tombs.

The Poor Indian, Lo.

Lo, the poor Indian, who is well known to most Americans, has just been elevated to a very prominent position by one of the prosperous mercantile houses of Allegheny City. We refer to the splendid statue of the noble son of the forest erected upon a pedestal in front of the extensive tobacco manufactory of Messrs. R. & W. Jenkinson, No. 6 Federal street, Allegheny. This firm is well and favorably known in the business community, and their trade mark is a surety of excellence throughout the country. They have had large experience in the manufacture of chewing tobacco, a specialty in the trade in which they are not surpassed by any other manufacturers in the State. They manufacture exclusively from the best quality of leaf, and by processes peculiar to themselves produce articles of chewing tobacco of the finest flavor, and at the same time they are enabled to sell at the most reasonable of manufacturers' rates. All the favorite brands in the market, including the pure "natural leaf," are manufactured and sold by them.

They deal extensively in cigars, smoking tobacco, pipes, tubes, pouches, stems, pipe bowls and every other article usually found in similar first class establishments. They are both honorable business men and eminently worthy of the patronage of the public.

Court of Common Pleas.

Hon. Thomas Mellon presiding.

Thursday, May 24.—The case of Cochran vs. Pennsylvania Railroad Company was concluded, the jury finding a verdict for the defendants.

Nelson Campbell's administrators vs. John and William Veech's administratrix. Verdict in favor of plaintiffs for $26.

A. G. Jones vs. Walters & Krebs. Action on a contract. It was claimed that plaintiff, on the 13th of March last, contracted with defendants for seventeen tons of ice, thirteen building lots in Duquesne borough, two horses, two wagons and harness, to be delivered on March 17th, four days after the date of contract, for $1,100. Defendants failing to deliver the property, the plaintiff sues for the amount of contract. On trial.

Robbed of His Pocket Book.—E. M. Bennett yesterday appeared before Alderman Taylor, of the Fifth ward, and on oath administered stated that he, in company with two men named Robt. Hassley and Pearson Owen, had came from Liverpool, Columbiana county, Ohio, on Wednesday evening. During the few hours subsequent to his arrival he drank pretty freely with the parties above named. Yesterday morning he discovered that his pocket book containing $75 was missing. Owen and Hassley were arrested on suspicion of having committed the theft, but after a hearing were discharged. Save thirty-one cents, no money was found upon their persons.

Fire on Dunkard Creek.—We learn through a private letter received yesterday by a friend, that the shanties of the Bobtail and Vandegrift wells belonging to the Monongahela Pioneer Oil Company, located on Dunkard Creek, were consumed by fire a day or two since. The machinery was saved from the devouring element, and but few days will suffice to put all things right. Previous to the fire the wells had each been pumping some eight or ten barrels of oil per day.

Desperate Assault.—Last night three rowdies were acting in a disorderly manner at the Theatre, when officer Seth Wilmot requested them, in a gentlemanly way, to keep quiet. They replied in an insulting manner and wound up by assaulting officer Wilmot in a brutal manner. Calling to his assistance officers Sarber and Richardson, the rowdies were arrested and lodged in the tombs. They deserve severe punishment for their outrageous conduct.

A Great Success.—The concert given last evening by the scholars of the Pennsylvania Avenue M. E. Church was a grand success, and attracted a large audience. The children performed their parts admirably, and some evinced a degree of musical talent which would prove creditable to persons of maturer years. By universal request, the concert will be repeated to-night at the same place, in the Avenue Church.

Profane Swearing and Surety of the Peace.—Oscar Richards was brought to the city from Noblestown, yesterday, and complained against by George Dickson, before Alderman Nicholson, for "profane swearing and cursing" and surety of the peace. Oscar, in default of five hundred dollars bail in each case was committed to the care and keeping of Warden White until "discharged by due course of law."

Another Charge.—David Auday, noticed elsewhere as being charged with the rescue of a prisoner from the Mayor's police—for which he was committed to answer, but subsequently released on bail—was arrested by one of Alderman Strain's officers, yesterday, upon a charge of having committed, some months ago, an assault and battery upon Thomas J. Douglass. He entered bail to answer.

More Nuisance Cases.—Joshua Stevenson, of Mansfield, made information yesterday before Alderman Donaldson against Adam Betz, M. Corcoran, Edward Flood and Patrick Roach, for committing and maintaining a nuisance in the shape of several hog pens, which the defendants have erected in close proximity to the plaintiff's house. A warrant was issued for the arrest of the accused.

Ruins of Chambersburg.—Last night we were shown some excellent photographs of different portions of Chambersburg as they appeared after the last rebel incursion, when the town was destroyed by the torch of the now vanquished foe. The pictures are upon exhibition at the store of Messrs. Macrum & Carlisle, No. 19 Fifth street.

Body Found.—The body of the colored boy Rutherford, drowned off a steamboat at the Allegheny wharf, a few days ago, was found floating in the Allegheny river, opposite Pitt street, last evening, and conveyed to Devore's undertaking establishment, where an inquest was held. It was found that the drowning was accidental.

The Prosecuted Prosecutes.—We noticed yesterday that John H. Herring was held to bail by Alderman Strain for a hearing upon a charge of giving John Cain a pair of blackened optics. Mr. H. appeared, gave bail for trial, and made an information against Cain for assault and battery. A warrant was issued for Mr. Cain's arrest.

Painful Accident.—At Lawrenceville, yesterday afternoon about four o'clock, a little girl named Straugh was thrown from a buggy and severely injured, her right thigh being terribly fractured, and her nose broken, by coming in contact with the wheel of the vehicle. Dr. Wm. M. Herron, of Penn street, dressed the wounds of the injured child.

Mayor's Office.—Mayor McCarthy had before him yesterday morning nine "disorderlies" and "drunks." Two were fined $25 each, and in default committed for thirty days, two were fined ten dollars, and committed for ten days, and of the remainder one was fined five dollars, and the others one dollar each.

Special Meeting of Allegheny Council.—We have been notified by Mr. D. Macferron, the clerk, that a special meeting of the Select Council of Allegheny city will be held this evening, to take action relative to the Pittsburgh, Allegheny and Manchester Passenger Railway laying their track, on Ohio street.

Decamped.—A Washington county paper states that William Dawson, who was instrumental in the arrest of a number of persons recently, for dealing in counterfeit national money, has decamped for parts unknown.

Gave Bail.—Henry Oehe and W. J. Ouston, alleged to be of the party who resisted and assaulted the police in their efforts to make an arrest, on Liberty street, on Wednesday evening, were held for trial by the Mayor.

Fires Yesterday.

Yesterday forenoon, about ten o'clock, the roof of a dwelling on River avenue, in the Fourth Ward, Allegheny, near Mechanics street bridge, occupied by a family named Walters, was discovered to be on fire. It was extinguished with but slight damage by firemen, who were promptly at hand.

About the same hour a fire was discovered in the attic of a building on Liberty street, at the foot of Fifth, occupied by J. F. Smith as a lamp store, caused, it is supposed, by sparks issuing from an open flue. It was promptly put out and trifling damage sustained.

About five o'clock P. M. the roof of a dwelling occupied by Mrs. Robinson, on Ohio street, above East Common, Allegheny, was discovered to be on fire. Before it was extinguished a hole about ten feet square was burned in the roof. The Columbia Hose Company was on hand, and did most effective service.

The alarm about nine o'clock in the morning was false and occasioned by some boys, who, observing a dense volume of smoke ascending from some of the manufacturing establishments in the upper part of the Ninth ward, supposed that one of the oil refineries in that vicinity was on fire.

Birmingham Delegate Election.—The Republicans of Birmingham will meet at Market Hall (upper end) this evening, at 7½ o'clock, to consult in regard to the election of delegates on to-morrow evening to represent them in the County Convention, and to attend to other important matters. Returned soldiers, who belong to the party, are especially invited to attend.

The London Quarterly Review for April, contains—1. Life of Sir Joshua Reynolds; 2. The Judges of England; 3. The Children's Employment Commission; 4. The Science of Language; 5. Coal and Smoke; 6. The Early Irish Church; 7. Female Education; 8. Ecce Homo; 9. The Reform Bill. For sale by W. A. Gildenfenny, 45 Fifth street.

Homewood Station Burned.—On Wednesday night Homewood station, on the Pennsylvania Railroad, between Torrens and Wilkinsburg, was entirely destroyed by fire. It is supposed to have caught from sparks from a passing locomotive. The station was not occupied. Loss about $1,500.

From Union Township.—Henry Davis was committed to jail yesterday by Justice Philip Stephens, of Union township, in default of bail to answer a charge of having committed an assault and battery upon William Evans.

Verdict for Defendant.—In the case of Lewis G. Cochran vs. Pennsylvania Railroad Company—on trial in the Court of Common Pleas for several days—the jury, yesterday, brought in a verdict for the defendants.

Meeting.—The Oil Refiners' Association met yesterday at half past 3 o'clock in the Chamber of the Board of Trade. They adjourned, however, without transacting any business, no quorum being present.

Pittsburgh Gas Savings Company.—The stock subscription books of this company will remain open till to-morrow afternoon at four o'clock. The notice on our third page omitted the word "till."

Delegate Elections.—The elections for delegates to the Union Republican County Convention to meet on Tuesday next, will be held in the various districts of the county to-morrow.

Fire in Ross Township.—The house of Mr. Dummett, school teacher, in Ross township, on the Perrysville road, was destroyed by fire on Tuesday. It was not insured.

Not Concluded.—The case of Neel vs. Pennsylvania Salt Manufacturing Company, in the District Court, was not concluded yesterday.

We have received from W. A. Gildenfenney, 45 Fifth street, a copy of "Beadle's Dime Base Ball Player," and "Frank Leslie's Children's Friend."

M. O. W. B.—The Mayor yesterday committed Hugh McCue to answer for committing an assault and battery upon his wife Rosanna.

FOR GOVERNOR:
MAJ. GEN. JOHN W. GEARY,
OF CUMBERLAND COUNTY.

SECRETARY STANTON.

Yesterday morning we laid before our readers a full report of the speech of this gentleman, made in response to a serenade by the National Union Club. Calm, temperate, self-respectful, and considerate of the rights and dignity of each department of the government, it furnishes at once a rebuke of popular speeches heretofore delivered by other members of the Administration, and a model for imitation by all men in high places who are called upon to discourse publicly of national affairs.

Mr. STANTON, if we understand him aright, concurs neither with the President nor with the more advanced section of the Republicans in Congress. He approves the Freedman's Bureau Bill, which the President vetoed, and the Civil Rights Bill, which was passed over the President's veto. He maintains that disloyal men should be rigidly excluded from seats in Congress. On this point either Mr. STANTON was not as full and discriminating as we could desire, or the telegraph failed to do complete justice to his statements. Even President JOHNSON has not gone so far yet as to declare that *disloyal* men ought to be permitted to hold office. But his definition of loyalty is so liberal as to include the most notorious traitors, and even those whose hands are still reeking with the blood of patriots. He inquires not as to what a man has been, but as to what he now professes to be. If a man filled a seat in the Confederate Congress, or led rebel armies in the most sanguinary battles, it matters not, so long as, being beaten, he consents to give up the contest. We, too, say that defeated rebels, who are content to abide the issue of the war, shall remain, not only unmolested, but under the amplest protection of the laws; but when it comes to filling the offices we want prominent rebels, as President JOHNSON phrased it, before his fall, to "take back seats." We think Mr. STANTON holds to this view of the matter.

But he clearly does not concur in the third section of the Constitutional Amendment, now pending in the Senate, and which excludes all rebels from voting till 1870. He does not say he is in favor of letting them all vote now; but that he deems it inexpedient for the Government to tie up its own hands for four years on a matter of that sort. This is a mild way of putting it. Not to pass this amendment is to permit all rebels to vote; for, in the absence of a provision in the Federal Constitution prohibiting them from suffrage, the State Constitutions and Laws, which allow them to vote, remain in full force and effect.

There are fairly two sides to this Suffrage Question; and much may be forcibly said on both. Rebels *are* criminals, and have forfeited their rights of citizenship, and even the right to live. Loyal men may fairly claim undivided authority in making and executing the laws. Whatever is pertinently offered in abatement of these positions, must be put on the ground of a wise clemency or a fruitful expediency. The children of rebels and the children of loyalists are to inherit in common this great country, with all its wealth of natural resources, and all its riches of institutions, educational, religious and political. Upon their combined or discordant action it will depend whether this free government shall be carried safely over to oncoming generations, or whether the waves of an unquiet sea, higher than our mountains, shall dash from east to west, and from west to east, shipwrecking the hopes of patriots and the world. It is this consideration that has restrained us from taking our stand with those favor sweeping proscriptions. Nor have we simply recognized white loyalists and white rebels as present elements of population, and out of which the future destiny of the republic must be evolved. Four millions of blacks co-exist with twenty-eight millions of whites. It often happens that the fate of the whole strangely depends upon the fortunes of a minority. We are at least as solicitous for the rights and immunities of black loyalists as for a judicious clemency towards white rebels.

On this question of Suffrage Mr. STANTON holds a position in common with a large section of republicans in Congress, and out. But, he goes a step farther, and avows distinctly that while the third clause of the proposed amendment shall be retained, the plan of Reconstruction of which it is a part, cannot receive his assent.

Mr. STANTON occupies a position which entitles his opinions to great weight. No man in the Cabinet or the Field did more than he to put down the rebellion. He has shown no disposition to enter into political combinations with disloyalists for the obtainment of ulterior party ends. He has not participated in the proscription of republican office holders because they would not, upon command, change their opinions, and join the President in a crusade against Congress. He has not conspired with rebels and copperheads to overthrow the party that saved the republic from dismemberment, and to make devotion to the Union "odious." We doubt not his suggestions will obtain just consideration.

POLITICAL CONTINGENCIES.

Some days ago we called attention to an article that appeared in the Auburn (N. Y.) *Advertiser*, and also to a letter addressed by Minister HARVEY to Secretary SEWARD. Each of these documents, as we then thought, and still think, contained a threat of military coercion, if Congress should persist in rejecting the President's plan of reconstruction. We farther expressed a suspicion that both these writings were inspired by Mr. SEWARD. This suspicion grew out of the intimate relations of personal and political amity we knew to exist between him and the writers.

To our interpretation of the writings in question, the New York *Times* strongly dissents, and more than intimates that we are culpably lacking in that charity which "thinketh no evil." It insists not simply on a milder, but on a different interpretation. We have accordingly reconsidered the case, and regret to be compelled to say our original impression is not materially modified. Let us see what the *Advertiser* said:

"The point we are discussing is indirect security for the good behavior of the rebels in the future. The question is whether this line of policy, (the Radical policy,) if it shall be followed, will be likely, in view of the issue already made upon it, to secure it. We have seen no reason for believing that it will. The key note to the probable solution may be discovered in the testimony of Alexander H. Stephens, of Georgia. He said distinctly that the Southern people had complied with all the terms originally offered them, and all which Congress had the right to impose—that they would not accept others as conditions precedent to admission into Congress. It is reasonably certain that they consider themselves within the Union, and in practical relations to the Government, which entitle them to representation in Congress and in political conventions.

It is reasonably certain that they will send delegates to the next National Nominating Conventions, and that the Democratic Nominating Convention will admit them. It is reasonably certain, moreover, that they will chose Electors of President and Vice President, and ask to have them canvassed, and that if the electoral votes of Southern and Northern Democrats, together, are enough to elect a President and Vice President, and they are not allowed, there will be a political trouble of a very formidable character. *With Johnson for President at that time in command of the military forces, it cannot be reasonably expected that the candidates elected will or can be kept out of office.*"

We are free to say that we cannot contemplate such a contingency without the deepest concern. When we apply to this subject the logic of our own observation and experience of political campaigns in by-gone years, we are obliged to conclude that such an experiment will result in trouble, without any corresponding benefits to the party and country. We fervently hope that such a contingency may be avoided."

What was the contingency that could not be contemplated "without the deepest concern?" Was it the fact that the Southern States would choose Presidential electors and members of Congress? or, the fact that "*with President Johnson in command of the military forces*" the candidates so elected would be put in? The implication clearly is that President JOHNSON would use the military against Congress, or would refuse to protect Congress and allow it to be overborne by popular violence. If we err in adopting this construction we think we err with ninety out of every hundred intelligent persons in the country.

Besides, this interpretation derives support from the violent and denunciatory language of the President himself. On more than one occasion he has stigmatized the Republican members of the Senate and House of Representatives as dis-unionists and traitors, whom it was just as much his duty to put down as Southern disunionists and traitors. He has purposely put SUMNER, WADE and STEVENS with their fellows, in the same category with DAVIS, MASON, SLIDELL and their set. To what end, if not to prepare the way for the employment of force against them and the bodies of which they are leaders?

But the *Times* goes on to say:

"The only suggestion of 'military coercion' which has ever met our eye was made by the Chicago *Times*, a bitter Copperhead organ, and it never met anything but universal condemnation."

Does not our contemporary read the Senate debates? Does it not remember the furious speech of Mr. DAVIS, of Kentucky, in favor of "military coercion?" Is not Mr. DAVIS an advocate of the President's Policy? Is not he and the President intimate, both personally and politically? Is it not true that he has more influence with the President than all the republican Senators combined, after four or five have been set aside?

More than this; has not the President's course towards Congress emboldened many of the Southern journals, which applaud his Policy to speak as flippantly of military violence towards the national legislature as the Chicago *Times* has ever done?

Now, we take occasion to say it is our earnest hope that at the next Presidential election all the States will participate and on equal terms. We have not counselled harsh measures towards the Southern people; but only such restrictions as common prudence seemed to dictate in the winding up of a great revolt. We have been more solicitous for the security of Southern loyalists, black and white, than for the punishment of the rebels. We are not so "unscrupulous" as to believe "the President has sold his party," and yet see no other way but to imitate his treachery. If we were we should stand precisely where the editor of the *Times*, by his own confession, now stands.

The Grenada Assassination—Further Particulars Developed.

[From the Nashville Union, May 20th.]

Some days since we announced, through the columns of the *Union*, that the agent of the Freedmen's Bureau, at Meridian, Mississippi, had been assassinated, but we had no particulars. We have since learned by a private letter, written to a third party, the following particulars. The writer says:

"After supper on the evening of the 30th ultimo, I had retired to my room, and after a short time heard the report of pistol shots—three fires in rapid succession—and slipped to the porch in front to listen. All was, however, still, and I returned to my room. In a few minutes I heard the noise of shuffling feet on the stairs, and the Lieutenant was brought into our room, and said: 'Captain, I am shot all to pieces.' As soon as I could get him placed on the bed and undressed, I asked him the circumstances. He said: 'Mr. Woodruff (this was about 7½ o'clock) asked me to take a walk, to which I agreed. We walked around the square by the church, and when near where some bowling alleys were being built, I saw a person, whom I knew by sight but not by name, step out from the alley, who placed a pistol to my head and fired, and repeated the shot a second and third time. The examination showed that each shot took effect. Lieut. Blanding described the person minutely; and I recognized in the description that of a person I had seen several times previously, but not since the tragedy. The efforts made to arrest any one have so far been unsuccessful. Lieut. Blanding was all the time perfectly calm and conscious. At his request I telegraphed to New Orleans for his brother, W. B. B., and received reply that he had left on the 20th. I was desirous to telegraph to his wife the same evening, but he would not consent, saying, 'You may do that when it is all over.'"

A Singular Pardon.

In February last one Zeno Burnham, a noted mock auctioneer in New York, a man who has made an enormous fortune by the most profitable kind of swindling in the whole catalogue of crime, was indicted and tried on a charge of having defrauded a lady out of about a thousand dollars. He had been indicted repeatedly before, and had escaped through legal loopholes, and this time he was so confident that his offence was not covered by the statute that he refused to purchase his safety by restoring any portion of the amount of his plunder. He was convicted, however, and sentenced to the State Prison for two years and six months. Immediately on arriving at Sing Sing, Burnham was suddenly attacked with something which he called pulmonary consumption; he was placed in the hospital of the prison; a great "pressure," backed by innumerable affidavits and certificates, has been brought to bear upon Governor Fenton; and, as a result, the criminal has been pardoned and is now in New York, apparently quite as robust as before his incarceration.

Neither the Judge nor the District Attorney concerned in his trial were consulted about his release, and the latter first heard of it through the lady whom Burnham had swindled, who informed him that since the release of the criminal she had received the sum of which she had been defrauded in return for her signature to a paper ostensibly "to relieve Gov. Fenton from any blame in the granting of the pardon." The auctioneer has friends who boast that $12,000 were spent in securing his release. Burnham is the proprietor of several mock auction establishments in New York, which have been busy as usual during his confinement, weekly reports being made to him at Sing Sing.

—A little boy, four years of age, while walking in the streets of Philadelphia on Wednesday, was suddenly struck down, and on being carried home by his attendant, a mark, apparently a contusion, was found upon one of his shoulders. A physician examined the wound, and assured the family that it was not a mere trifle as they supposed, but a gunshot wound. The child lingered until Thursday night, when it expired. A post-mortem examination was made, when the track of a minnie ball followed through the shoulder, through the lungs and down to a rib which was broken. The girl who was with him, heard no shot, nor saw any one near her whom she considered to entertain hostile purpose. The police are investigating the matter.

DISSOLUTION OF CO-PARTNERSHIP.
THE FIRM OF DAY & HAYDEN has this day been dissolved, the entire assets of the firm having been purchased by DAY, M'ABOY & SPANG.
J. F. DAY.
T. S. HAYDEN.
PITTSBURGH, May 16th, 1866.

CO-PARTNERSHIP.
The undersigned having purchased the entire stock and assets of DAY & HAYDEN, purpose continuing the business of the old firm at Nos. 45 WOOD, and 102 and 104 THIRD STREET, under the style of DAY, M'ABOY & SPANG.
J. F. DAY.
J. L. M'ABOY.
NORMAN SPANG.

In announcing the above change, we beg leave to say to the trade that we shall continue the business of Manufacturing and Importing SADDLERY HARDWARE in all its branches, and desire to call special attention to our own Manufacture of STAGE HAMES of all descriptions, IRON HAMES, WROUGHT PORT BITS, &c., &c., which we believe to be the best in the market for this and the Western trade. We shall at all times keep a full and complete assortment of everything in our line, which we shall be glad to sell at lowest market rates.
By giving prompt personal attention to orders, we hope to merit and receive a liberal share of your patronage.
DAY, M'ABOY & SPANG.

SAVE THYSELF.
A CURE FOR INTEMPERANCE.
Dr. S. Cutter's Celebrated Stomach Bitters.
The greatest Nervine ever discovered. The addition, within the last ten years, of Dr. Cutter's Nervine Discovery to the English Bitters, makes it a perfect antidote to intemperance. Previous to his discovery of the Nervine, this medicine was before the English public, celebrated as a Tonic and Alterative, in diseases of the Stomach and of the Bowels, and diseases arising from impedities of the blood. As a nervine is always the choice of the stomach, in all persons addicted to the use of stimulants and narcotics, such as alcohol and malt liquors, opium, morphia, arsenic, tobacco, &c., as it removes the morbid appetite, or craving of the stomach for stimulant; in Headache, Neuralgia, and all nervous diseases, it has no equal as a Nervine.
Ten years use o the improved English Bitters in St. Bartholomew's Hospital, St. Mary's Hospital, Newgate and other prisons, has established its reputation, as a cure for intemperance, and gained for it the approval of the attending surgeons in all the hospitals and prisons throughout Great Britain, and is prescribed now by many physicians in private practice, for persons addicted to the use of stimulants and sedatives. In Paralysis, St. Vitus' Dance, Epiliptic Fits, Nervous Twitchings, and all Nervous diseases, it has no equal. Wholesale and Retail Agent,

DOLLAR SAVINGS BANK, No. 65
FOURTH STREET.
CHARTERED IN 1855.
Open daily from 9 to 2 o'clock, also on Wednesday and Saturday evenings, from May 1st to November 1st, from 7 to 9 o'clock, and from November 1st to May 1st, from 6 to 8 o'clock.
Deposits received of all sums of not less than One Dollar, and a dividend of the profits declared twice a year, in June and December. Interest has been declared semi-annually in June and December since the Bank was organized, at the rate of six per cent. a year.
Interest, if not drawn out, is placed to the credit of the depositor as principal, and bears the same interest from the first days of June and December, compounding twice a year without troubling the depositor to call, or even to present his pass book. At this rate money will double in less than twelve years.
Books containing the Charter, By-Laws, Rules and Regulations, furnished gratis, on application at the office.

CITY AND NEIGHBORHOOD.

(ADDITIONAL ON FIRST PAGE.)

Flitting Day.

To-day is one of the most important in the whole year in Scotland—being set apart and entirely dedicated by the 'northmen' to flitting, as they very aptly term their annual removal from one place of abode to another. Unlike their staid brethren the English—who for generations and generations occupy the same old homestead in which their sires lived and died—the Caledonians consider it almost imperatively necessary to change their residence each year. The mania for moving is so great, especially among the residents of the larger cities, that first class lodgings are often exchanged for meagre and inferior accommodations, simply to satisfy the inordinate desire for flitting. The law prescribes that the landlord shall visit the tenant on the 2d of February (Candlemas Day) for the purpose of ascertaining whether he intends remaining the following year or not. If the answer is in the negative—which it generally is a small sign of "a house to let" is immediately nailed over the street door, where it remains until a new tenant is obtained.

An ancient statute, which was passed, we believe, in the reign of Robert the First, makes it a tresspass to occupy the house you are about to quit after twelve o'clock on Flitting Day. In order to evade the penalty affixed to this law, all the moving is done in the morning. Of course there is no time wasted, everywhere is bustle, confusion and excitement. Here is to be seen a poor 'ore-burdened night trudging along beneath the weight of his entire household effects; presently he comes in contact with another person similarly burthened, a crash follows, the fragments of a looking glass, or some article of queensware strew the pavement, both become irritated, and not unfrequently a fistic encounter is the ultimatum. But no one stops to look at them, the tide of flitters are only intent on one object, and that is to reach their new quarters before noon. To a stranger these scenes are both unique and amusing, and no doubt has the effect of awakening a great deal of surprise in a casual sojourn in Scotland, for the reason that unlike the Italian or Frenchmen, they are not given to excitement of any kind, and are known as one of the most stolid, and indifferent people in existence.

Amusements.

The grand pageantry display made by Mike Lipman's famous circus, upon the principal streets yesterday, may give the reader an idea of his mammoth combination. At Red Lion lot they are holding forth nightly to audiences so closely packed that a shingle could not be wedged in. The circus is immense, the actors splendid, and the performances unique. Every body who enjoys lofty tumbling, break neck riding, terrific vaulting, and the ludicrous follies of the clowns, should go and see the circus. It is well worthy of a visit.

Buckley's Serenaders, a minstrel troupe of wonderful ability and combination of talent, are drawing crowded houses at Masonic Hall. We do not advise our readers to attend, unless they are of such a temperament that they can withstand the mirth provoking jokes and eccentricities of the cork blackened Empire boys. They are among the best performers in that line in this country.

The music loving portion of the community will be delighted to learn that the pupils of Professor Clement Tetedoux purpose giving one of their popular concerts at Masonic Hall on Thursday the 31st instant. We doubt very much whether there are in this city any better vocalists than those taught by Professor Tetedoux, and certainly the concerts hitherto given under his auspices have been grand successes.

Heller, the wonderful, is coming to this city, to give a few of his great entertainments. He is the best magician in the world, and more than an equal to Gottschalk upon the piano. He will draw crowded houses, as the amusement-loving portion of the community are already excited over his promised advent in the city. Reserved seats can be obtained, without extra charge, at Kleber and Mellor's music stores to-day.

To-night at the Opera House Stewart Robson takes a benefit. He is a first class actor, and has had quite a successful engagement here. He is ably supported by the excellent stock company at the Opera House. Let the young commedian have a rousing benefit.

At the Theatre the magnificent Leo Hudson, with her wonderful horse "Sensation," draws large houses. She takes a benefit to-night, upon which occasion she appears in some of her best characters. She is an animated actress, and is supported in good manner by the talented stock company of the old theatre.

A Horse Thief, Bigamist and Forger.

An individual named Templeton, who has been living at Shippensburg Pa., for about a year past, was arrested at Baltimore on last Friday for horse-stealing and brought to Carlisle jail, where he awaits trial. He combines the rather singular characters of a horse thief a forger and a bigamist, and by committing the one offence opened the way for the detection of his guilt of the others. Some time since he stole a horse from Dr. Howland, of Shippensburg, which he carried across the mountains and traded to a negro. He took the other horse to the top of the Alleghenies, where he sold him to a respectable farmer, taking his note at six months in payment. This note he negotiated and received the money on another besides, which he had forged, adding one more grave offence to his manifold sins.

At Shippensburg he had married a respectable woman, but it seems he had another wife at or near Altoona, and after stealing Dr. Howland's horse he went to where she was living. On an examination of his pockets, a privilege which we believe wives generally claim, she found a letter from another woman claiming to be "Mrs. Templeton," and as the name of a lady of this place was mentioned in the letter, the wife No. 1, addressed herself to the Shippensburg lady in a note inquiring after the wife No. 2. It was subsequently developed through the correspondence which ensued that the poor girl he had deluded into marrying him at Shippensburg, was in reality the third or fourth wife upon whom he had bestowed the name of Templeton. While living at Shippensburg he bore a fair character, and the good people of that village were considerably astonished when the multitude of his enormities were unmasked.

Schools for Soldiers' Orphans.

The number of applicants from the western portion of the State having increased so rapidly, it has been concluded to establish additional schools for soldiers' orphans. Thos. H. Burrowes, of Lancaster, Superintendent of soldiers' orphans, having this object in view, in a card announces that he will attend at the Monongahela House, Pittsburgh, on Tuesday, June 5th, 1866, to confer with principals or owners of academies or seminaries, who may be willing to devote their property and efforts to this purpose. Present accommodations for not less than seventy-five pupils of both sexes, and from ten to sixteen years of age, are required in each case, with an understanding that the capacity of each institution accepted be increased, as soon as practicable, so as to accommodate one hundred and fifty pupils, with not less than twenty acres of arable land and the necessary outbuildings, &c., for farming and gardening, attached to each. One such school is desirable in the district composed of Erie, Warren, Venango and Crawford counties. One in the district composed of Clarion, Armstrong, Jefferson and Indiana. One in the district, composed of Fayette, Greene, Washington, Allegheny and Westmoreland. One in the district composed of Somerset, Bedford, Blair and Cambria. One in or near the county of Elk. Inquiries by letter for further particulars will be promptly attended to.

Pittsburgh Gas Savings Company.—We learn that about ten thousand dollars of the stock of this company remains untaken and is open for subscription to-morrow at four o'clock p. m. There can be no doubt but this stock will eventually prove very valuable, and as but one day more remains for subscribing, capitalists should at once give the matter their attention. The books are at the office of the Cash Insurance Company, No. 59 Fourth street.

Leg Amputated.—On Wednesday a son of Mr. John Swinebery, living in Penn township, met with a serious accident at Armstrong's coal works. While attempting to get on a train of coal cars, he accidently fell upon the track, and several cars passed over one of his legs, crushing it in a terrible manner. Drs. Hamilton and Pifer amputated the limb above the knee, and hopes are entertained of the boy's surviving the operation.

Sentenced.—We forgot to notice the fact in yesterday's *Gazette* that Henry Little, of Birmingham, convicted of attempting to pass counterfeit Government money, was sentenced to three years imprisonment and to pay a fine of one hundred dollars.

Collided.—A carriage containing two ladies came in collision with a car of the Minersville Passenger Railway, yesterday, at the intersection of Grant and Fifth streets. One wheel of the carriage was broken off, but the ladies escaped injury.

Bailed.—William Wilson, steamboat engineer, accused of dealing in counterfeit currency, was discharged from jail yesterday, bail in the sum of $3,000 having been entered for his appearance.

Explanation.—It was the man who sweeps the market, not the Market Constable, Mr. Thomas, who had the difficulty a few days ago as noticed in the *Gazette*.

Mr Seward's Vagaries.

EDITORS GAZETTE:—We ask permission to notice, through your columns, some of the vagaries enunciated by Mr. Seward in his Auburn speech. We by no means intend to review the speech as such, but merely to glance at some of its absurdities.

He says: "The national life lately hung on the issue of a victory won in war. It now hangs on the issue of *reconstruction* in peace." Almost in the same sentence he asks: "What does the country actually need? Most persons say reconstruction. I think it needs no such thing. The country is reconstructed already. We do not reconstruct what has not been destroyed. The political system of 1787, constructed by our forefathers, stands now firm, complete, compact, and perfect, just as it came from the builders' hands." Well that's news. I hope those builders will hear it wherever they may be. But suppose some of them should wish to see for themselves, and ask Mr. Seward to accompany them to the Capitol, there to salute all their old friends, and insist on shaking hands with the Senators and Representatives of South Carolina; Mr. Seward would have to say that they were not exactly in. Well, let us see Old Virginia, or Tennessee, or Alabama, or any of those chaps that tried to get out of the Union and couldn't. What would Mr. Seward say? Well I guess he would tell them that they were not here yet, but that they were coming—must be coming—they couldn't get out of the Union.

Again. "Others say what the country needs is the restoration of the union of the nation; I think it needs no such thing. We have passed that point." Now, if that means anything, it means that the Union was broken and that it has been restored. In short, Mr. S. says: The national life now hangs on reconstruction in peace. But it has never been destroyed and can't be reconstructed. Now, that's rather a bad fix to be in, but it must be so, for Mr. S. says so, and the President says so, and Vallandigham and Lee, and Davis, McDougal and Sanders and Cowan say so—and that's the end of it.

Again. "What then does the nation need? It needs reconciliation, and just now needs nothing more. Let the reconciliation be made, first, either in Congress or in any of the constituency, and it will follow in the other place." I wonder if that is not what McClellan called exhausting statesmanship.

"The country exhibits at this moment the extraordinary and interesting phenomenon of a nation of States, not only kindred but allied, and yet hostile to each other." Now whether this is a natural or a political one, it matters not, it's a phenomenon anyhow. Our national life depends on reconstruction, but we can't reconstruct what was not destroyed. "The structure of our fathers stands firm, complete, compact, and perfect." Allied and hostile, the rebellious States "have resumed their constitutional relation of allegiance to the Union," but they want to be reconciled, &c.

But he says "the President's position is absolutely taken, and it is this:" That so far and so fast as the unrepresented States present themselves, unquestionably loyal, they are entitled to representatives in Congress, just as if there had been no rebellion." Just so; that is what we all want; but who is to judge of their loyalty? Our representatives in Congress are the only power that has the right to judge or decide who is loyal, or who may be safely admitted into the counsels of the nation. Now they have decided that those noble spirits in the South who stood by the Union in its darkest hours, will now make better legislators than pardoned traitors and reconstructed rebels. But the President and Mr. Seward think otherwise.

Where did Mr. Johnson get his authority for "taking a position," and assuming all the prerogatives of government—legislative, judicial, and executive? And besides, to work miracles by doing what can't be done, reconstructing what was not destroyed, and completing what Mr. S. says is as perfect as it was when the builders left it?

The whole speech bears the impress of political knavery rather than statesmanship; and the sole object appears to be to break down existing political organizations and to build a new one on the ruins, with Seward and Johnson at its head, and all the intriguing, dishonest and disappointed politicians at its tail. But it is to be hoped that all honest men of all parties will stand aloof from such a party.

OUR EARLY TELEGRAMS.

FROM WASHINGTON CITY.

Important to Hardware Manufacturers—Treasury Agent Discharged—New Executive Mansion to be Erected—Military Departments Abolished.

NEW YORK, May 24.—The Washington special dispatches to the morning papers contain the following: The American Hardware Manufacturers should immediately forward to this city the information necessary to the framing of the tariff bill to make it sufficiently protective of their interests. Strange to say, the facts and figures thus far principally furnished, have come from the hands of a man who is an American indeed, but turns out to be an agent of the Birmingham and Sheffield manufacturers. Our hardware makers should hurry up.

The Special Treasury Agent Dexter, of Mobile, who was under sentence of a military commission and fined two hundred and fifty thousand dollars, has been discharged by the President.

It is in contemplation to build a new and costly Executive Mansion, on the high ground east of the Capitol, and turn the White House into a fire proof building for the State Department. It was for that purpose that leave was asked to-day to bring in a joint resolution directing the proper committee to make a reconnoissance for a site.

The following members of General Santa Anna's suit arrived in this city by the late train: A. Bazz, Col. M. Azinra, Col. Marzuira, Col. Veidoly Ria, Gen. Suere and T. Caturna.

Second Lieutenant Joseph Sladen, 17th New York Infantry, who has served for several years on the staff of Major General Howard, has been assigned to duty as private Secretary to that General.

The discussion of the Reconstruction Committee and Report in the Senate, indicates that no vote will be taken for a week or ten days.

General Order No. 32, from the Adjutant General's office of the War Department, abolishes the Military Departments of North and South Carolina and Alabama, by order of the President. North and South Carolina will hereafter constitute a new Department under Major General Daniel E. Sickles, with headquarters at Columbia, South Carolina. The States of Georgia and Alabama will be a new Department, under Brevet Major General C. R. Woods, with headquarters at Macon, Georgia.

The House Commerce Committee to-day reported the Senate's amendments to the House bill for a uniform system of quarantine against cholera. Letters from boards of health to the committee urge immediate action in this matter, so that the necessary measures can be adopted at once.

FROM NEW YORK.

Great Billiard Match—Trot at the Fashion Course—Suicide of an Insurance President—Thief Arrested—Fenians Collecting at Calais.

NEW YORK, May 24.—The billiard match between Deery, of New York, and Dion, of Montreal, last night, resulted in a victory for Dion, who scored 1,500 points to Deery's 1,396.

The stallion trot between the California horse, George M. Patchen, Jr., and the New York horse, Commodore Vanderbilt, one mile heats, best three in five, for fifteen hundred dollars, over Fashion Course yesterday afternoon, was won by the former in three straight heats. Time—2:30¼, 2:30, and 2:27¾.

Mr. Thos. W. Birdsall, President of the Security Insurance Company of this city, committed suicide yesterday afternoon by taking strychnine.

A man named Frederick Anderson was arrested to-day, after a desperate resistance, near Peekskill. He had with him a large quantity of clothing and upwards of seven thousand dollars' worth of silver ware and a gold medal, stolen from the residence of the State Treasurer, Howland, at Fishkill.

A dispatch from St. Johns, New Brunswick, says the Fenians are again collecting at Calais, and are provided with arms. It is feared they intend making a disturbance in New Brunswick during the election.

FROM EUROPE.

War Inevitable—Dispatches from American Ministers in London and Paris—No More Austrian Troops for Mexico.

NEW YORK, May 24.—A Washington dispatch says: Dispatches were received at the Department of State, by the last steamer from Europe, from our Ministers to London and Paris. The indications were that a general war was inevitable. The English Ministry would do all in its power to avoid it, but the belief is that Napoleon was contributing to it and adding fuel to the flame rendered it pretty certain that there was no hope of avoiding it.

It appears from last advices that Austria has determined not to send any more troops at present to Mexico to supply the place of soldiers who are to be withdrawn. The representations of our Minister, it is said, opened the eyes of Francis Joseph.

FROM MEXICO.

Withdrawal of French Troops—Probable Abdication of Maximilian.

NEW YORK, May 24.—We have Vera Cruz dates of May 12th, and City of Mexico of the 10th. The contemplated withdrawal of the French troops caused considerable excitement in the capital. The probabilities are that Maximilian will abdicate before they are withdrawn.

Mr Corwin, the Charge D'Affairs, had sailed for the United States.

The report of the departure of one thousand French troops, and the arrival of a battalion of the Foreign Legion, was confirmed.

The concentration of French troops, preparatory to withdrawing, is currently reported.

A Colonel and Lieutenant Colonel of the Imperial forces were murdered by their own men at Rio Verde, because, it is believed, of the strict discipline they attempted to introduce.

FROM HAVANA.

Review of Troops—Slavers on the Coast—Cattle Disease Prevailing.

NEW YORK, May 24.—We have advices from Havana to the 19th. The grand review of troops by Gen. Dolce, took place on that morning. A special messenger from Maximilian, on his way to Europe, had reached Havana on the 16th. Three slavers were discovered on the coast. Orders were transmitted to Spanish cruisers to make diligent search for them. A cattle disease, said to be the rinderpest, had broken out among the cattle near Cardinas and Matanzas.

Additional Counsel for Jeff. Davis.

NEW YORK, May 24.—The *Tribune* learns upon good authority that besides Messrs. Charles O'Conor and George Schell, heretofore named as counsel for Jeff. Davis. Messrs. Jas. T. Brady, of this city, Wm. D. Read, of Philadelphia, Brown, of Baltimore, and Pugh, of Ohio, have been retained. The trial, it is understood, is to commence on the first Monday in June, at Richmond, Va.

Napoleon's Speech at Auxerre.

NEW YORK, May 24.—The Paris correspondent of the London *Times* asserts that the declarations in the published speech of the Emperor were not uttered at Auxerre, but that he subsequently wrote them and had them not only printed in the papers as his speech, but also had them placarded throughout the large towns.

PUBLIC SALE OF VALUABLE BUILDING LOTS IN THE BOROUGH OF MOUNT WASHINGTON, opposite the mouth of Penn street, on SATURDAY, May 26th, 1866, at 10 o'clock, A. M. Lots are 25 by 135 feet, or more, to suit purchasers. Also, there is a Ten Acre Lot, having a good House and large Barn; suitable for a Dairyman or Gardener. These very valuable Lots, suitable for all who want comfortable homes, are part of the well known homestead of the late A. Kirk Lewis, Esq. In beauty of scenery, pure and salubrious air, good water, and coal, easy of access, they are unsurpassed. Overlooking the cities of Pittsburgh and Allegheny, and the winding stream of the Ohio, the most varied and picturesque views are always presented. They are also convenient to school houses, churches and stores. The mechanic, the clerk, the professional and business man, escaping from the bustle, dust and smoke of two cities, will find this opportunity the best that has ever been offered to purchase homes to suit.

Terms of sale will be liberal and made known on day of sale. THOMAS RANKIN.

FINANCE AND TRADE.

THURSDAY, May 24, 1866.

Gold opened at 139 in New York, but closed in the after part of the day at 137¾. Government bonds firm, and 5-20's are a shade higher, with considerable inquiry in this market. Seven Thirties, also, are stronger, but unchanged. Mr. P. R. Mertz's, New York quotations were as follows: 1881's, 107½; 5-20's, 101¾; 10-40's, 94½; 7-30's, 101¼; and certificates 100½.

In our local stock market, there is but very little doing. Bank shares are quiet but firm, with but very little disposition manifested on the part of holders to realize. Some of National Bank of Commerce changed hands to-day at 107. Insurance stocks dull with more sellers than buyers. Oil shares, flat. There seems to be no demand for this class of stock, aside from Columbia, and it, even, does not seem to be wanted.

Some fears are entertained that the financial panic in England may spread to our own shores. These views are not entertained to any great extent, however. Our people have been on the look-out for panics ever since the breaking out of the rebellion, and yet, we have seen gold fall from 285 to 130, in less than two years, and no panic, except among speculators, has been experienced. We have no doubt but some heavy losses will have to be met in this country, by parties doing business with English houses, but there will be no general disaster. As long as the Government has eighty millions of gold on hand, and is disposed to sell it, there can be no advance in gold which will have a permanent character, unless the foreign advices by the next steamer are much more serious than generally anticipated.

—In commenting upon the financial crisis in England, the Cincinnati *Commercial*, of Wedday, very appropriately remarks:

"The opinion very generally prevails, whatever financial or commercial disturbance may occur in Europe, particularly if they result from the threatening war, that business in this country will not in the end be disastrously affected, though it may be at first somewhat deranged, but it is not safe to be too complacent in such a calculation. Disaster to one's neighbors, does not often bring prosperity to oneself, ultimately in most cases the reverse, and to-day England's experience is verification of that fact. There was a show of prosperity there while our own country was suffering the bitterly destructive effects of war. Gold flowed so rapidly to her vaults as to create serious apprehensions of the effect of the plethora. Merchants who had been on verge of ruin were able to reinstate themselves in profitable trade, and the paralyzation of American ocean commerce gave to that nation complete supremacy in the carrying trade of the world. The condition of things has changed rapidly, and may with extensive disasters in Europe be turned very decidedly in our favor, but to assure any permanent advantage to us therefrom, there must be a continued combination of natural causes contributing to the event. As it is, there is reason to doubt, even now, if these natural causes are most flatteringly in our favor. A surplus of the staples of commerce may be but very limited or not be realized at all, and our national credit may not by any means be invulnerable to depression from an upheaval of affairs in other countries. In times so critical to others in whose financial fate our destiny is so largely involved, it is the part of wisdom for us to pursue a course of utmost prudence, and individually adhere to a strictly conservative policy in business."

—Secretary McCulloch, to ease the Treasury of its superabundance of currency, and thereby afford relief to the money market, has the option of calling in certificates of indebtedness at any time within the year for which they are issued. The authorizing act thus reads: "which certificate shall be payable in one year from date, or earlier at the option of the Government." This option, it is understood, will be exercised.

—The New York *Tribune*, of Wednesday, says:

"The steamer's news and the large additional sales of gold by the Treasury have reversed the condition of the money market, and instead of a full supply at 5 per cent there is a sharp demand at 7 per cent on call, and nothing doing in best commercial paper under 6@7 per cent. Loans on gold are not popular at the City Banks, which do not care to part with their Clearing House Certificates to meet checks drawn by their speculating dealers. The Treasury by its sales of gold and the payment of its temporary loans will make a saving in interest and get out of execution a class of obligations payable specifically in legal tenders. The City Banks will now do a sensible thing by making National Bank notes a medium of settling balances at the Clearing House, as the Government plainly does not intend to continue in use for their convenience a class of certificates payable in a currency different from that used with its other creditors."

New York Stock and Money Market

NEW YORK, May 24.—The money and stock markets show a decided improvement. Applications for loans were active, but firms of good standing are able to borrow all they require at 7 per cent. A very important relief to the money market may be expected from the redemption of the Certificates of Indebtedness, and in anticipation of this effect, there is a general rush to buy stocks. The Banks sternly refuse to make further advances upon Gold, except to customers, whom they do not feel at liberty to disappoint. This has a depressing effect upon the gold market, and this morning, parties are paying 1-16@⅛ per cent to have gold carried.

The market for stocks was very active and higher throughout, except upon Erie and Illinois Central, both of which are kept down by the expectation of a return of a large amount of shares from London.

Governments weak, in anticipation of the return of large amounts of 5-20's from Europe. Gold opened strong, but upon finding difficulty of borrowing coin collateral, the market fell off 1½@2 per cent.

Money active at 7 per cent. for call loans. Sterling dull at 109¾. Gold unsettled and firmer, opening at 139, declining to 137¾, and closing at 139¾. Government stocks are a shade lower. Freights to Liverpool dull.

Stocks better; Pittsburgh, Fort Wayne and Chicago, 95½; Chicago and Northwestern, 27½; Cleveland and Pittsburgh, 86, Illinois Central, 117½; Michigan Southern, 79¾, Chicago and Rock Island, 91½; Chicago and Northwestern preferred, 57; Hudson, 111¾; Erie, 67½; Western Union Telegraph, 57; Sixes of '81, registered, 108; do. Coupons, 107¾; Five-Twenty Coupons, 1862, 100½; Treasury, Seven-Thirties, second series, 101¾; Ohio and Mississippi Certificates, 27¼.

At the four o'clock call, there were sales of Canton at 57¾; Cumberland, 45½; Quicksilver, 51; Mariposa, 11¾; Mariposa preferred, 21½; New York Central, 95¾; Erie, 67¾; Erie preferred, 77; Hudson, 112; Reading, 110; Michigan Southern, 78½; Illinois Central, 118¼; Pittsburgh, 85½.

The *Post's* money article says the loan market is active, at 7 per cent. There is considerable inquiry for accommodation on call, but payments for government gold, which amount to seven millions to-day, were provided for, and therefore do not contribute to disturb the money market. The engagements for to-morrow are, however, large, and amount to more than six millions. The stock market is stronger than yesterday and there is a fair demand, both for speculation and for investment.

Governments are well sustained and railroad shares are improving. Before the first regular session, New York Central was quoted at 95; Erie, 66½; Reading 107¾; Michigan Southern, 78¼; Cleveland and Pittsburgh, 82¾. After the board, Erie was quoted at 67½. Reading, 108¾; Michigan Southern, 79¾; Pittsburgh, 85½, after selling at 87; Northwestern, 27¼; do. preferred, 56½; Rock Island, 90¾; Fort Wayne, 94. Later, Erie sold at 67.

Foreign Exchange is inactive; bills at sixty days on London are selling at 108¾@109¼ for commercial, 109@109½ for bankers do, short sight, 110½@111; Paris at sixty days, 5.02½@5.10, do at short sight, 5.00@5.07½.

Later, 4 p. m.—The revulsion at the Stock Exchange seems for the present to have spent most of its force, and symptoms of a revival of confidence are appearing. But for the derangement of the Money market, caused by Treasury sales of thirty millions of gold during the last ten days, it is not generally believed that any serious trouble would have been produced here by the panic in London, except indeed a temporary depression of some of the stocks, of which large amounts have been held in England. The Loan market is active and closes at 7 per cent. The Stock market is better.

The prices of Mining stocks bid in Boston to-day were as follows: Copper Falls, 45; Franklin, 42; Hancock, 18; Boston Water Power, 43½; Isle Royal, 13; Minnesota, 11; Quincy, 45; Waverly, 5½; Bay State, 13¼.

New York Produce Market.

NEW YORK, May 24.—Cotton 1c better, at 40c for Middling. Flour 10@20c better and more active, at $8,25@8,75 for Extra State; $9,30@10,50 for Extra Round Hoop Ohio, and $9,85@11 for Trade Brands, closing quiet. Whisky quiet, at $2,26@2,27. Wheat 3@5c better, and decidedly more active, at $1,72@1,75 for No. 2 Chicago Spring; $1,90 for Milwaukee Club; $2,10@2,12 for Old No. 1 Milwaukee; $2,12@2,20 for New No. 1 do. The latter prices are extreme for a small parcel; $2 for Old Kiln Dried Winter Red Western, and $2,65 for Prime Old Amber Michigan, to arrive from Liverpool. Rye in moderate request; Prime Wisconsin, at $1,63. Barley dull. Barley Malt in fair request, at $1,20. Corn 2@4c better and more active, at 85@89c for New Mixed Western, afloat; 80@82c for Damaged do.; 90c for Old Mixed Western in store; 93c for New White Western, and 91c for New Western Yellow. Oats firmer for State and quiet for other kinds; 55@58½c for new western, 58@62½c for old do. Sugar firmer, with good demand; Cuba and Refining 10½@10¾. Petroleum quiet and firm. Pork heavy and drooping at $30,25@30,50 for new mess, closing at $30,25 regular; $29@29,25 for old do, and $24,25@24,50 for prime; also 6500 bbls new mess for May, June, July and August, seller and buyer's option, at $29,75@30,75. Beef steady at about previous prices. Beef hams firm at $47@48; cut meats steady at 12@13½c for shoulders and 17¼ for hams. Bacon quiet and steady. Lard firmer at 19@22½c. Butter quiet at 30@ for Ohio and 35@45c for State. Cheese dull at 10@12c.

St. Louis Market.

ST. LOUIS, May 24.—Cotton unsettled; holders ask 37c. Flour and Wheat firm and unchanged. Corn higher, at 67@78c. Oats firm, at 45@48c. Pork firm, at $31,00. Bacon quiet, at 16@19½c for clear sides, and 13½c for shoulders. Lard firmer, at 20½@21½c for prime. Whisky dull, at $2,18½@2,20.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 24, 1866.

At no time, perhaps, during the past five years, has there been such a state of uncertainty and confusion in commercial circles as during the past few weeks, and business men, in all branches of trade, are at a loss to know what course is best for them to pursue. There is of course, a fair degree of activity manifested in our produce market, and some of the leading commodities are appreciating in value, but dealers are puzzled as to whether they ought to sell freely or not, as the future, more than ever before, seems to be all involved in uncertainty and mystery, and to use a common saying, "there is no telling what a day may bring forth."

GRAIN—Wheat is firm and in demand but unchanged; sale of 1 car Milwaukie Club at $2,10; 2 cars do at $2,15; 1 car do at $2,20; and 1 car Wisconsin White at $2,65. Corn is in better demand and a shade firmer; sale of 2 cars shelled at 81; 2 do do at 80; 1 do do prime Yellow at 85. Oats firm and a shade higher; sale of 1 car at 56—small sales at 60 to 65. Rye is firm at $1@1,03. Barley is quiet.

FLOUR—Is steady with a continued fair local demand, but there is no excitement and prices remain unchanged. We continue to quote at $10,75 to $11,25 for Spring, and $12 to $13 for Winter—sale of 100 bbls choice at $13, to arrive. Rye Flour is quoted firm at $6½@6¾ per bbl.

PROVISIONS—Bacon is firm with a fair jobbing demand, at 14½ for Shoulders; 17 for Ribbed Sides; 21½ for Plain Sugar Cured Hams; and 23@23½ for Canvassed do. Lard is dull but unchanged at 22½. Mess Pork is dull and entirely nominal.

POTATOES—The demand is fair but the market is a little weak, and prices, if anything are a shade lower; quotations may be fairly given at $1,30 to $1,40 per bushel, in lots from store, and $3,50 to $3,85 per bbl. Sale of 1 car at $1,35; 1 car at $3,75; and 1 car common at $3,10 per bbl. Sales of new Bermuda at $12 per bbl.

BEANS—Demand more active and prices are a shade higher. Sales of 44 bbls prime York State at $2 per bush.

EGGS—Demand better and with light arrivals prices have advanced to 21@22 per dozen.

BUTTER—Continues very dull though prices remain nominally unchanged. We continue to quote at 20 to 25 for common to prime Roll.

STRAWBERRIES—Sale of 10 cases—from Southern Illinois—at $10 per case.

BUCKWHEAT—Is selling for seed at $2½ per bush—receipts increasing.

PIG LEAD—Is quoted at 10½@11.

HAY—Is quiet at $20 to $25.

FISH—Sales of Lake Herring at $4,75@5 per half bbl, and White Fish at $9,50.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 24, 1866.

CRUDE—The market for Crude was more active to-day than during any day this week, and with an improved demand and limited supply, prices ruled a shade higher. Sale of 1000 to 1200 bbls at 14; 226 at 13½; 200, in bulk, at 14½; 200, bbls returned, at 14½; 50 bbls "Smith's Ferry" at 14½; 206 at 14; 123 at 14, and 1700 bbls, packages included, at 20. It will be seen from the above, that prices were irregular, but the transactions were unusually large, and to-morrow, we presume, holders will ask the even 15 and 20 cents. There was considerable inquiry for shipment, which is owing to an improvement in the east, and refiners, too, are beginning to show themselves again, although, as yet, they have not bought to any great extent.

REFINED—There is a continued fair demand for bonded oil, both for present and future delivery, and while the market cannot be termed active, or anyways excited, prices are pretty well maintained, and there is but comparatively little oil offering. We can report sales of 500 bbls for June, sellers option at 36, free on board cars here; 500 for October, buyer's option, at 41—at works; 500 for July delivery in Philadelphia, sellers option, at 44; and 500 for August, buyers option, at 46. The oil market has not responded to the advance in gold, and the only effect perceptible, is a little stronger feeling and a slight improvement in the demand, while prices are not as high as they were ten days ago.

NAPTHA AND RESIDUUM—There no demand whatever for Naptha, as we have not heard of an inquiry, even, for several weeks. Residuum, also, is very dull and may be quoted nominally at $3,25@3,50 per bbl.

ARRIVALS—To Capt. Jas. Wilkins belongs the credit of having the only arrival of oil to-day, 238 barrels.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 24, 1866.

CATTLE—There has been quite a reaction in the live stock trade this week, and especially has this been the case in regard to cattle. Last week there were a large number of buyers in attendance, all of whom were eager to buy even at extreme prices, while this week the number of eastern buyers was rather limited, and the few that were here, bought very sparingly, and only when concessions were made. This has been brought about by the very unfavorable reports from the East, especially from New York, where the market closed dull and lower on Tuesday, with a supply considerably in excess of the demand, and the consequence is that holders of cattle found a very hard market here, and many of them, rather than submit to the figures offered, shipped further east, hoping to find better markets and higher prices. The feeling among stock dealers, both east and west, is that the value of cattle is entirely too much inflated, and henceforth, operators will operate with greater caution, and exercise greater discretion. The great majority of those who sold here this week incurred pretty heavy losses, as they were unable to realize more than what their cattle cost in the west, and consequently they lost their time, cost of transportation, feed bills, and other little items too numerous to mention. For further particulars, we refer the reader to the report of sales annexed; remarking only, that the highest figures there reported, could not now be realized.

SHEEP—The Sheep market has been dull and depressed, and prices, as compared with last week, have still further declined. In the early part of the week clipped sheep sold at from 4½ to 5¼ per pound gross; but to-day buyers seemed unwilling to pay above 5 cents for the best grades, though an extra drove might have brought 5¼. The arrivals have been pretty large, and with fewer buyers in attendance, the supply was somewhat in excess of the demand. One bunch of wooled sheep—and the only one, we believe, in market—sold at $5,90 and was subsequently sold out in two lots at $5,70.

HOGS—The market for Hogs was moderately active during the early part of the week, but since the reception of the Eastern advices, the demand fell off, and yesterday and to-day buyers were unwilling to operate unless concessions were made. We quote at $8,75 to $9,75 for fair to good averages—some few good stock Hogs sold at $10 to $10,25.

Duff sold 4 car loads at 9¾, delivered in Baltimore.

Chicago Cattle Market.

CHICAGO, May 23—The fresh receipts of Beef Cattle to-day at the Union Stocks Yards are 157 cars. Entered sales 822 head, at prices ranging from $5,50@6 for common cows; $6@6,40 for fair butchers' steers, and from $7@7,50 for fair to good shipping beeves.

The market is dull and inactive, and prices have declined 15@25c per 100 lbs from yesterday's quotations; the large supplies will doubtless have the effect of a still further reduce of rates, as the desire among buyers is to weaken prices. Parties in the country, who have not shipped their cattle, we would advise to hold until the advices from New York are of a more favorable character.

Flour and Grain in Store in Chicago.

The following table, compiled from the official reports of the warehousemen to the Secretary of the Board of Trade, shows the amount of Flour and Grain in store in Chicago on the 19th inst., compared with the amount in store on the same day last year:

	1866.	1865.
Flour	41,406	55,380
Wheat	876,133	541,263
Corn	1,607,130	332,258
Oats	708,677	268,374
Rye	157,770	56,954
Barley	124,670	84,202

Review of the New York Grocery Market

(From the Commercial List, May 23.)

Coffee—The market remains very quiet, but in prices we have no change to notice. The advance and fluctuations in gold yesterday rather tended to unsettle the market, which has been dull for some time past. The sales are 500 bags Rio, per Zingara, on private terms; 1202 do per Auld Reekie, 11½c 420 do per same, 14, gold, in bond; 111 do from Europe, 17, gold; 1300 St. Domingo, in bond, for export, about 12 5-15; 200 Java, 25½@26; 350 Maracaibo, resales, 21@21½ gold; and 3500 Rio, per Aquedneck, at Baltimore, 14½, gold, in bond. Shipments have been made of 440 bags Laguayra, and 1070 do Rio, per Bremerin, the latter to Galveston. We notice an arrival of 1600 bags Rio at Wilmington, N. C., direct. The stock of Rio in the country is 105,285 bags here, 10,000 in New Orleans, 2700 in Mobile, 1500 in Wilmington, N. C., and 3000 in Baltimore—total, 129,285 bags.

Sugar—The market for raw on Saturday and Monday was steady and active, especially Monday, when a large business was done at the prices of Friday last, viz. 10½@10⅝c for fair to good refining Cuba. Yesterday, with the accounts to hand of a financial panic in England, and the consequent advance of 3@4 per cent in gold here, with sudden fluctuations during the day, the sugar market became somewhat unsettled, holders who were before rather indifferent sellers, now for the most part either offered their stocks sparingly, or withdrew them altogether. Buyers, in the meantime, mostly stood aloof, being unwilling to pay the enhanced rates demanded by holders, and the business of the day was only done at the full currency of the day previous, say 10½@10⅝c for fair refining Cuba, and 10⅝@10¾ for good do, which may be considered as representing the views of both buyers and sellers; fair to good grocery, 10¾@11½; prime to choice do, 11¾@12½, molasses sugar, in bxs, 9@11; and the same in hhds, 8¾@10¾; 4 mos. Refined is in request and firm; we quote other than Stuart's, 15⅛@15¼ cents for hard, 14½@15 cents for soft white, and 13½@14½c for yellow.

Molasses—There is a steady fair inquiry for home use, but the business has been restricted by the reduced offerings of desirable qualities, and the partial supply of the trade by the large sales noticed in our last. The stock of Porto Rico in first hands is less than 500 hhds. The sales are 323 hhds Porto Rico at 70@75c; 417 Cuba Muscovada, 46@55; 26 inferior do, 39; 30 Barbadoes, 70; and 286 Demerara, 63@80, 4 mos, the latter price for choice.

The Lumber Market.

The Albany *Argus*, of Monday, says: The business of the season has just fairly opened, and as yet transactions have been comparatively light, though a number of vessels are now loading at the wharf. The receipts have been light as yet, though cargoes are now constantly arriving. The demand for lumber is quite active, and business has been brisk for the past three or four days. As the season advances it is ascertained that there is an unusual demand for lumber at the west. The market at Chicago and Detroit is very active in consequence of home orders, and prices are ruling at a high figure. The streams have been unusually low, and it is believed that the mills have not been able to turn out the usual supply. Hemlock and Spruce were never known to be so high as at present. This is owing to the scarcity occasioned by low water, the mills being compelled to stand idle, and the lack of water in the streams to float the logs to the mills. But it is thought the deficiency will be remedied by a supply from the St. Lawrence region, via the Rome and Watertown Railroad, and the Erie Canal, from Rome. On the whole, the business opens encouragingly, and large transactions are anticipated before the season closes.

New York Dry Goods Market.

NEW YORK, May 24—(Jobbers' prices).—The market to-day is excited and most of the leading styles of heavy cotton goods have advanced from 5 to 10 per cent. RIVER NEWS.

The river is still receding steadily at this point with about two feet eight inches in the channel by the marks last evening. The weather continues clear and cool, and there were no indications of rain last night.

The Urilda, from Parkersburg, and Revenue from Portsmouth, constitute the arrivals from below. The Chieftan and Fayette arrived from Brownsville and cleared again on time. These two boats, belonging to competing lines and leaving here at the same time, have not been guilty of racing, as yet, and it is to be hoped that they will not.

The wharf presented a very dreary appearance yesterday, and what is worse than all, there is no prospect at present of any immediate improvement. The water has got to such a point that navigation may virtually be considered suspended, and steamboatmen look and feel decidedly "blue." Usually there is a rise in June, and we hope this year will not be an exception.

The Glasgow and Argonaut are still receiving freight for St. Louis, with the understanding that they will leave on the first rise. The Leonora No. 2 has her shingle up for Cincinnati, but, as yet, has received no freight.

Wednesday's Cincinnati *Commercial* says:

Capt. Ben. F. Davidson received a dispatch from Memphis, yesterday, from Captain Jas. Keniston, stating that the steamer Madison, bound from New Orleans for Cincinnati, sunk to the main deck on Monday morning, 20th inst., at Poverty Point, ninety-five miles above Vicksburgh. Captain Keniston is of the opinion she can not be raised. The Madison was in her 13th year, and was recently purchased by Mr. Geo. L. Johnston, of this city. She was valued at $10,000, and insured for $7,500—$2,500 each in the Boatmen's Queen City, and Merchants' Insurance Companies, of Cincinnati.

The New State, for Pittsburgh, has 1000 sacks of wheat and 38 bales of cotton.

The engines of the Madison, recently sunk in Poverty Bend, in the Lower Mississippi, have been in service over twenty-one years. They were in the Metamora, built in 1844.

The Emma No. 3, from St. Louis, brought 500 tuns. She re-ships 250 tuns on the Robt. Moore in order to enable her to proceed to Pittsburgh on the present low water. Both boats leave for Pittsburgh to-day.

CHOLERA DISARMED!!!

The Chief Cause of Pestilence Destroyed!

DR. E. COURTARET'S DISINFECTING FLUIDS, secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 268, 300 and 302 Henry Street, N. Y. Office, 32 Cedar Street.

This Company organized on a permanent basis, with Dr. Courtaret, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its DISINFECTING FLUIDS for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, offal and fat-boiling establishments; all kinds of manures (*immensely* increasing the value of the latter to every farmer), and wherever poisonous and offensive gases exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gasses and odors by chemical principles—leaving in their places *healthful air*, they are DESTROYERS, and *not merely absorbents* of poisonous gases—not injurious to utensils in which they are used. The attention of medical and scientific men is directed to these disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office.

DELAVAN HOUSE, ALBANY, March 20, 1866.
To the President of the New York Disinfecting Co.:

Dear Sir: It is all it is represented to be. We have made many trials of disinfectants, but now consider that we have found an article which surpasses all others as a remedy against all bad odors.

T. ROESSEL & CO.

NEW YORK, April 9, 1866.
To the President of the New York Disinfecting Co.:

Dear Sir: We pronounce it, without exception, to be the best we have ever known. Its effect upon every matter is complete and instantaneous.

C. A. STETSON, Astor House.

N. B.—These Disinfectants are used by the scavengers, under the direction of the Sanitary Police of the Metropolitan Health Department, N. Y.

THE NEW Spring and Summer Medicine. FLUID EXTRACT SARSAPARILLA, COMBINED WITH Iodide of Lime, PREPARED FOR G. W. PETTES, BOSTON, BY James R. Nichols & Co., MANUFACTURING CHEMISTS, MANUFACTURERS OF THE ELIXIR PERUVIAN BARK WITH Protoxide of Iron, Which has become so favorably known as a *Tonic and Restorative*, *By Physicians and Invalids in all parts of the country.*

The new preparation, "SARSAPARILLA IN COMBINATION WITH IODIDE OF LIME," presents one of the most prompt alterative agents, in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination; and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that it has tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Pale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather,

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.

No preparation like it, or which approximates to it, as an

Alterative, or Blood Purifier,

has ever before been placed within the reach of invalids. Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.

For sale in Pittsburgh by all Druggists. my11:a7:MWF
